SUSTAINABLE BY DESIGN

Thoughtfully selected sustainable products and materials were used throughout the space, supporting environmental responsibility and long-term building performance.

GLOBAL PERSPECTIVE

Finishes, furnishings, and fixtures were sourced from manufacturers and artisans around the world, bringing a multicultural design approach that reflects Sage's global presence.

MODERN. FLEXIBLE. COLLABORATIVE.

A dynamic workplace designed for connection, focus, and adaptability—featuring open work areas, private offices, training spaces, and a large project room with operable partitions.

Every Alpha Omega project benefits from the collective expertise of our estimating, operations, compliance, accounting, project management, and field teams—working together to deliver outstanding results.

ONE TEAM. ONE PROCESS. ONE GOAL. YOUR SUCCESS.
